*100 Cupboards* is a book about a 12 year old boy named Henry. This book is good combination of adventure and fantasy. This book can be found at the KDL library. I am not sure if you can find it in our DLMS school library.

Henry has had any ordinary life in Boston, but when his parents are abducted on a bike trip, Henry must go and live with his Aunt Dotty and his

Uncle Frank in the small town of Henry, Kansas. Dotty and Frank have three girls.

Penelope that goes by Penny, Anastasia, and Henrietta. Henry will be staying in the attic

since every other room is occupied and Grandfather's door is locked and can't be

opened, not even with a chainsaw. At night in his room in the attic, Henry

hears scratching coming from behind his walls. He becomes brave and starts tearing down the plaster piece by piece. Once he tears down all of the plaster, he discovers the cupboards. What will happen to Henry and his cupboards? Read the book to find out!
