Blood of olympus

Rick Riordan

Fiction

I recommend this book to people who has a liking towards books that are packed full of ghosts, adventure, and action. This book can be easily found in the library, Barnes and Noble And Good Reads

This is a book about 9 demigods (half human and half God) who tries to save the world in style on a floating battle ship. (YOU may ask me what they are trying to save the world from but that would be a spoiler). They will go through very tough trills to save the world as we know it. These demigods must work together to save the world. To get to know these wonderful demigods and how they saved the world Is if you chose to read this book. Warning: DO NOT read the this book unless you have read the rest of the Book series before you read this one, or you will be severely confused. That is why I recommend this book (series)
