The Fault In Our Stars
John Green
Realistic Fiction

I recommend this book to a person who gets into, romance books. This book not only makes you laugh, but it also makes you smile, and cry.

This book is about a girl named Hazel who carries around an oxygen tank, and about a boy named Augustus with a prosthetic leg. They fall in love, and they both go to Amsterdam to meet a famous author. It paints a great picture in your mind about all the people with disabilities. This is a tragic love story but it is something to learn from. So if you're one of those people who gets into love stories, this is the book for you!
