

Kaylin Schering Recommends...

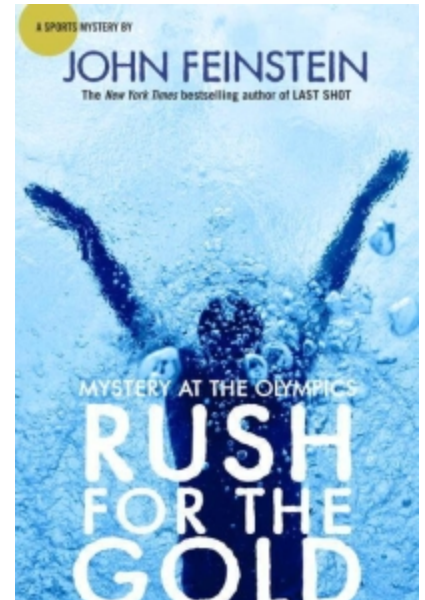

Title: Rush for the Gold

Author: John Feinstein

Genre: Mystery

I recommend this book to a person who likes mystery books and to a person who hopes one day that it would be them at the Olympics.

This book is about a girl Susan Carol Anderson who is 15 years old and is a High School swimmer. She is the best swimmer on the whole High School team, after practicing so hard and working hard at school she has made it to the Olympic Trials. From the Olympic Trials she makes it to the Olympics... will she beat her rival in the pool? Or will she lose and not take the gold

medal into her own hands? Read this book to find out. Not found in the dlms library, but is found at a local book store.
