Shutter

Courtney Alameda

Fantasy

I recommend this book to someone who likes exorcisms and a lot of scary scenes in

their books. This book is found in many different book stores.

Shutter is about a group of kids who are ghost hunters and try to kill and stop ghosts from making it in the real world. Micheline is the main character in the book and she can see the undead in different ways than most people can. One day Micheline and her friends try to kill a ghost at a hospital but it posses them by putting ghost chains all over their chests and stomachs. The ghost chain then spreads and they only have seven days to get the ghost chains out of them. Will Micheline and her friends get the ghost chain out of their bodies or will they die trying? Read the book to find out.
