Bud, Not Buddy

(Book Commercial 3)

The book *Bud, Not Buddy* is a great historical fiction read that most people who like fiction and a tiny bit of mystery along with some element of surprise here and there. Even if you aren't a big fan of history (like me) I would still recommend this book to anyone and everyone. The book *Bud, Not Buddy* is all about this little boy named Bud (not Buddy) and he lives at an orphanage called "The Home" because when he was about six his mom died and his dad, well, nobody knew what happened to him. One day Bud is sent to a temporary home then all of a sudden things go completely wrong with his new "family". Before Bud's mother died she gave him a couple of posters and on the back of one of them it said somethings that Bud didn't understand for quite a while. So after deciding that he wants to go try to find his dad, Bud sets of on a dangerous journey trying not to get caught. Along the way Bud encounters some minor problems but with how smart he is, nothing can stand in his way. When Bud reaches his destination will he find his dad or will he have found some grumpy old man. To find out what happens to Bud and if he found his his father or not read the book to find out. The book *Bud, Not Buddy* can be found in the DLMS Library.
