

## Allison young Recommends...

World Record book 15

The Guinness World Record book people

Informational

I recommend this book to a person who likes informational stories and, things that people did accomplish.

You could find this book in the DLMS library and any other library.

This book is about people achieving something crazy or not and have been recorded in this book. Will people take risks to meet such a goal for the world record book, find out in the world record book of 2015.
