Coyote Autumn

By: Bill Wallace

Genre: Realistic Fiction

I recommend this book to people who like dogs, saving wild animals, secrecy, and a heart warming tale. Found in the library.

This is book about a boy named Brad who saves a wolf cub from hunting dogs and secretly keeps it at his house. He doesn't want his parents to figure out because they said he could never get a dog. Can he keep his dog a secret from his family, or will his parents get rid of this helpless wolf pup? Read Coyote Autumn to find out.
