Prisoner B-3087

Alan Gratz

Memoir

I recommend this book to a person who likes a book based on a true story and is full of twist and turns, that are very serious. I also recommend it to a person who is interested in the Holocaust.

Prisoner B-3087 is about a Jewish boy named Yanek Gruener who lived in a town called Krakow. The Germans are slowly ripping the town apart and they are taking jews from the town by hundreds. His family and him are taken away from the town and separated. They are then put into concentration camps with kapos that are playing nasty games on the jews they are in charge of. The jews are slowly dying or becoming muselmans. Will Yanek get back together with his family and live a happy life or will he slowly rot away like the rest of the jews.
