Unwind

Neal Shusterman

Science Fiction

This is a book for people who like scary/science fiction books. This book is about: when you're 16, you're parents can have you "Unwound." That is when you're taken to a harvest camp and all you're body parts can go to anyone who needs them, so they don't believe you are really dead. There is Connor, who is an escaped unwind. Then, there is Risa, who is a ward of the state. Finally, there is Lev. Lev is a tithe. Tithes are born to be unwound. when they all come together, they might just have a chance to survive. Read the book to find out more about this amazing adventure.
